 Ft. Lauderdale, Florida

Walters-Zachria Architects recently announced that construction has begun on the new Nova High swimming/diving/ training facility.

Di Pompeo Construction is the general contractor on the project.

Pirtle Construction Company has broken ground on the City of Coral Springs Public Safety Building and Fire Station #80 project. The official ground breaking was held on Monday, April 13 and the project is scheduled to be complete in June 2010.

The project is comprised of three areas of construction: new two-story addition and hurricane hardening of the existing Public Safety Building that currently houses the City's central police administration and dispatching; the construction of a new Fire Station #80; and site redevelopment to support the new building construction.

The existing Fire Station will remain in operation until the new addition is completed.

Meeting and Exceeding Expectations

Each month Construction FOCUS features a CASF member company, selected by drawing a business card from among those attending the monthly networking breakfast. The next breakfast, sponsored by Stiles Construction Company, will be held on Thursday, June 18, 7:30 a.m. at the Courtyard by Marriott-Cypress Creek in Ft. Lauderdale.

Since 1984, Palm Beach Trim has been meeting and exceeding their customer's expectations. Palm Beach Trim supply, fabrication and installation of doors, trim, millwork and cabinetry. Their award-winning projects range from high-rise beach condominiums to over-the-top Palm Beach mansions.

Twenty years ago, Palm Beach Trim had an office staff of only two people. Today, Palm Beach Trim has an office staff of nine dedicated professionals, including an estimating and project management team that seamlessly shepherds projects from inception through to successful completion. The fabricating and finishing shops have grown to over fifteen skilled cabinetmakers while the number of skilled

carpenters in the field ranges from thirty to fifty craftsmen, depending on the demands of an ever increasing work load. Coupled with a management philosophy which focuses on building on strengths and seeing problems as challenging opportunities, Palm Beach Trim has demonstrated a commitment to superior quality and customer service that is unparalleled in the industry.

Palm Beach Trim maintains a leadership core of specific and complimentary talents. Each business partner is allowed to focus on their strongest assets, giving the company the manpower of a standard construction company and a clear advantage over the competition. Providing commercial, residential and historical ser-

vices has been the foundation of their business since the beginning. Some of their many clients include The Gardens Mall, The Breakers, The Flagler Museum and the historic 1916 Courthouse in downtown West Palm Beach. In addition, they have offered their professional services on numerous residential projects, country clubs and corporate office throughout the South Florida community. As a point of interest, their largest job to date included 60 miles of trim and 5,000 doors on one of the tallest buildings on Singer Island.

Since Palm Beach Trim supplies, fabricates and installs a wide range of doors, trim, cabinets and ceilings, they are proud to use only the highest quality products, suppliers and manufacturers in the industry. Some of the names that are included in their extensive product line include ResinArt, Enkeboll, White River, Bendix, Klise, Trustile, Timberland Door, WalzCraft, Lamin-Art, Wilsonart, Sierra Pine and Columbia Forest.

Palm Beach Trim has the skill and experience to handle the most challenging project. Their reputation is built on delivering quality and service, on time, that surpasses the most demanding expectations.

Palm Beach Trim is located at 1107 Barnett Drive, Lake Worth, FL 33461. For more information, visit their website at www.palm-beachtrim.com or call 561-588-8746.
